

ROAD CLOSURES:

Russell Road, Purvis and Courtney Roads

Beginning July 23, Russell Road will be closed nightly from the Davis Center driveway to Catlin Avenue between 10 p.m. and 5 a.m. Drivers going to and from the Marsh Center and Davis Center will be directed by site workers throughout the evening. This effort is part of the construction project to widen Russell Road and support the increase in traffic at Marine Corps Base Quantico. This project is expected to last into September.

Meanwhile, the intersection of Purvis Road and Courtney Road in base housing will be closed on weekday evenings between 6:30 p.m. and 2:30 a.m. This project is expected to last until the end of August.

Base Security will open the Commissary gate during the evenings for residents of Lincoln Family Housing to enter and exit the installation during these two simultaneous road closures.
