MARINE CORPS COMBAT DEVELOPMENT COMMAND ORDER 7510.1B

From: Commanding General
To: Distribution List

Subj: SOP FOR THE MCCDC/MCB/MCNCRC "HOTLINE" PROGRAM

Ref: (a) MCO 5370.8
(b) IGMC Assistance and Investigations Manual

Encl: (1) Quantico Inspector General Hotline Complaint Form

1. Situation. To establish and provide guidelines for a local "HOTLINE" Program to address complaints, answer questions on a wide range of interest, and to look into reports of suspected cases of fraud, waste, abuse, and mismanagement.
2. Cancellation. MCBO 7510.1A
3. Summary of Revision. This Revision contains a significant number of changes and should be reviewed in its entirety.
4. Mission. Reference (a) requires the establishment of a local "HOTLINE" program to report and remedy fraud, waste, abuse, and mismanagement. This "HOTLINE" should ensure freedom from retribution for the individual filing the complaint. The Marine Corps is committed to an aggressive program to reduce instances of fraud, waste, abuse, and mismanagement. The goal of an effective hotline program is to preclude even the slightest impression of impropriety in the handling of our manpower, materials, and money. In order to accomplish this task, a direct line of communication must be maintained between responsible officials and concerned individuals. The MCCDC/MCB/MCNCRC "HOTLINE" provides this direct line of communication for this Command.
5. Execution
 - a. Commander's Intent and Concept of Operations
 - (1) Commander's Intent. The "HOTLINE" Program is a functional component of the MCCDC/MCB/MCNCRC Quantico Command Inspector General (CIG). Accordingly, the "HOTLINE" Program is the primary tool for the CIG in combating fraud, waste, abuse, and mismanagement and is open to all military personnel and civilians.

5 Jun 09

Those personnel with complaints, who are members of Commands aboard the Base that have an Inspector General within their own command, will be advised to address their complaints through their CIG.

(2) Concept of Operations

(a) Complaints, questions, and reports of suspected fraud, waste, abuse, and mismanagement may be submitted by calling the "HOTLINE" telephone number at (703) 784-2392, office walk-ins, via regular mail, via fax machine, or using the CIG Website link at: <http://www.quantico.usmc.mil/activities/display.aspx?PID=429&Section=CI>. During normal working hours, representatives in the Inspector's office will answer the telephone or sit down with the complainant and record the complaint using the hotline worksheet contained at the enclosure. During non-duty hours, or when personnel are not available to answer the telephone, callers will be provided detailed instructions to leave a voice mail message.

(b) The information received shall be handled in strict confidence. Individuals may remain anonymous, although it is preferred that a means be provided by which CIG officials may contact the complainant for further information or clarification, if needed.

(c) CIG personnel are to investigate situations reported via the "HOTLINE" to determine if there actually is a case or a basis for the complaint. CIG personnel will take appropriate action in response to substantive allegations of fraud, waste, abuse, or mismanagement reported via the "HOTLINE" in a timely and impartial manner and report the result of such inquiries to the appropriate authorities in accordance with the policies and procedures established in reference (b). In order to ensure a thorough investigation, the following information should be provided:

(1) The item, incident, event, or procedure and the reason it is considered to be a complaint or a case of fraud, waste, abuse, or mismanagement.

(2) The original source of the information (i.e., another person, personal observation, etc.).

(3) When the incident occurred, or, if the problem is ongoing, the length of time the operation has been in effect (i.e., last Tuesday at 10:15, or continuous/ongoing for "x" time, etc.).

5 Jun 09

(4) Where the incident occurred or the location where the operation is being conducted.

(5) What organization and/or individual(s) are believed to be involved.

(6) Identification of the individual submitting the complaint (name, unit, and telephone number) is not required. However, if this information is given, it provides the CIG a means of obtaining additional information or clarification, if needed.

(d) If the complainant has provided their name, they can call the CIG's office and request the status of their complaint. A follow-up or final response will be made to the complainant upon completion of the investigation or research into the complaint.

(e) Information submitted in good faith is appreciated. When determined by the CIG and/or the Chief of Staff (CS) to be potential interest and benefit to the greater MCNCRC and Quantico community, the issue will be considered for publication in the Quantico Sentry. In such cases, the identity of the complainant will remain anonymous and the CIG will attempt to notify the complainant that the issue is being considered for possible publication.

(f) Military and civilian personnel matters, which are more appropriately addressed via the chain of command, such as request mast, or grievance procedures (i.e. equal opportunity, equal employment opportunity, workman's compensation, etc.), will not be addressed via the "HOTLINE" Program. Other information received that is not within the purview of this Order will not be investigated using procedures established for "HOTLINE" action. In these cases, the complainant will be referred to the appropriate source for addressing their concerns. Reports of these types of complaints will be filed with no further action.

6. Action

a. CIG. Assume staff cognizance of the "HOTLINE" program and ensure strict compliance with references (a) and (b).

b. Public Affairs Officer. Coordinate with the CIG, functional area manager, and C/S to determine the merits of publishing information in the Quantico Sentry that would be of an informative and educational nature to all hands.

5 Jun 09

c. Addressees. Cooperate fully by rendering assistance, as required, during investigations of complaints or suspected cases of fraud, waste, abuse, and mismanagement.

7. Administration and Logistics

a. All hotline case files with supporting documentation will be filed and maintained in accordance with the references.

b. Hotline completion reports and associated papers will be maintained in a secure environment and made available only to those with an official need to know.
