## PERSONAL PROFILE

Staff Sgt. Saleigh joined the Marine Corps in February 2002 as a 6172 CH-46 helicopter crew chief/door gunner. After the Marine Corps made the mistake of phasing out the mighty battle Phrog, she transferred to the UH-1 Huey. She was with the wing until 2008 when she joined 3D air naval gun liaison company and was allowed to jump out of planes. She spent her last years in the Marine Corps serving as the SNCOIC of the careers and education office at Wounded Warrior Battalion-West and retired in August of 2013.

She currently resides in Fredericksburg, Va., where she serves her community as a deputy sheriff with Stafford County. The hardest part since retirement has been finding a new purpose and the camaraderie she lost when she retired. Working with Team Semper Fi and the Wounded Warrior Regiment at various camps, and the Warrior Games has kept her motivated and in touch with other Marines and service members in a positive way.
