

Gun Deck of the USS Pawnee Which Was Fired Upon By the Shipping Point Batteries, 16 October 1861

32-Pounder Cannon, Probably Once Part of the Confederate Batteries (note, it has been disabled), and Possibly One of those Captured from Union Forces at the First Battle of Manassas

Scale Draft of Shipping Point Battery #1 by Gen. Samuel French, Confederate Commander at Evansport, December 1861

Heavy Guns and Earthworks in Action, Very Similar to the Shipping Point Batteries
