

Counter Intelligence (CI) Briefing

All DoD personnel must attend, once every **calendar** year, briefings on all threats posed by foreign intelligence and terrorist organizations. These briefings will be presented by an authorized NCIS Agent.

For in-person training ensure all personnel bring their CAC to be scanned, or your attendance will not be recorded.

MCINCR/MCB Quantico Security Office is responsible for scheduling, notifying, and recording attendance for all CI Briefs. If you are a part of a separate command, ensure your command security manager and training officer is notified of your attendance.
