

HEADQUARTERS UNITED STATES MARINE CORPS
PERSONAL PROPERTY LEAD

USMC Personal Property Updates (PPU)
PPU 2025-002 (24 Sept 2025)

Subject: Shipment of Personally Owned Vehicle (POV) in CONUS (JTR 052901 A.3)

Purpose: To provide updated procedures to all USMC PPPOs and PPSOs with documentation required for HQMC to approve a shipment of a POV in CONUS due to being physically unable to drive.

Procedures: Any request to ship a POV in CONUS due to being physically unable to drive will only be considered if accompanied by a letter signed by the Commanding Officer of the Marine, at a level no less than O-5, that contains the following:

(1) A cost estimate for the shipment, which can be obtained from usmcpersonalproperty@usmc.mil.

(2) A certification of the Commanding Officer that the determination of physical inability to drive is supported by medical diagnosis from a qualified Medical Officer. Determinations of such inability to drive signed by Independent Duty Corpsmen shall not be considered. Further, Commanding Officers shall make the certification considering the Marine's ongoing duties and current fitness for duty standards. Once approved, all other documentation will be provided to the Vehicle Processing Center (VPC). To ensure compliance with HIPPA, any medical information provided in support of the required letter from the Commanding Officer will be retained at the PPPO/PPSO level for audit purposes.

ACTION: PPPO/PPSO shall only submit letters for the Commanding Officer of the Marine, as they are best positioned to evaluate the request considering medical evidence presented to them.

POC: Julie Hendrix at usmcpersonalproperty@usmc.mil.

Reference: USMC PPU advisories can be requested from the POC.
